

CANON FOR EDUCATION

Just like you, Canon want to inspire students to ask big questions, engage passionately, and have powerful experiences they will carry with them for life.

That's why we're working with educators to inspire the future of the world, because it all starts in our schools.

“We can honestly say that Canon’s solution has helped St Mark’s School take a significant step towards providing the best possible education for all of our students”

Tim McJarrow

Principal, St Mark’s School

START THE JOURNEY EARLY

Our top priority is to learn what makes every school unique so we can provide a solution that not only solves a problem for the school, but enhances the student's learning experience.

Why? Because the students are our future. They're the future leaders of our families, our businesses and our country, and at Canon we want to give them the best opportunity to thrive.

TRUSTED PARTNERSHIP

Our customers are not only loyal, they are willing to refer and promote us to their friends and colleagues.

WE'RE TRUSTED

For the last 9 years, Canon features in the top 10 'world's most reputable brands list'. We've earned that trust through our quality service, products and transparency.

OUR CUSTOMERS LIKE US

Canon customers are some of the happiest in our industry, enjoying an average NPS score of +60, against an industry average of -1, through the Net Promoter Program (NPS).

IMMERSIVE LEARNING

“As we got more involved in the process, one of the reasons we chose Canon was because they have a wider understanding of what education is about”
Stephen Kendall Jones, Principal, Albany Junior High School

As an administrator, you may be looking for smart technology solutions that enable students and teachers to achieve more, while maximising resources and minimising waste.

As a professional educator, it might be your goal to help students see the world differently, with interactive technology that inspires them to experiment, explore possibilities and express creativity.

Or through e-learning you might be looking for new technologies to engage students, capture their imagination and improve outcomes. Canon's range of immersive learning environments, and our ability to offer an end to end imaging solution that caters to the interests of students from a young age, sets us apart from the rest.

MULTIFUNCTION PRINTERS

Inspire your students with large and colourful visual aids. Not only can you print imaging of the highest quality, but you won't be compromised on cost or space, offering the ability to explore different styles of printing from the comfort of your office

LASER PRINTERS

Maximise productivity with Canon's laser printers. Choose from compact and low maintenance models for the classroom, or take advantage of ultra fast, high volume laser printers for busy medium to large spaces.

PRINT MANAGEMENT

uniFLOW Online is a secure public cloud print and scan solution for education institutions of all sizes. The solution improves document security, controls printing costs and increases productivity while reducing internal IT overheads. uniFLOW Online has been developed on the Microsoft Azure™ cloud platform which provides superior enterprise platform security, scalability and resilience.

PaperCut MF is a powerful output management software product that helps education customers introduce easy printing and scanning from any device - all while protecting student information, cutting costs, and reducing waste.

DOCUMENT SCANNERS

Transform your internal processes, making it easy to share, archive and secure documents and records. Going paperless is an attractive venture for many schools as a way to cut costs, increase productivity, and improve access to the information. Digitising your documents reduces the amount of paper circulated throughout your school, promoting a more eco-friendly environment.

PROJECTION

Projection remains the most cost effective solution for large scale images. Ideal for school halls, theatres and large meeting spaces. Along with our Canon branded projectors we are also a premium partner of Epson, and able to provide Epson projectors through this partnership. Canon projectors bring high definition quality projection to your classroom or meeting room. Our broad range of high definition projectors is designed to suit any sized environment.

INTERACTIVE LEARNING BOARDS

Transform your classroom into a visual communication experience with Canon interactive boards.

Interactive boards encourage and promote different styles of learning and are inclusive of all students. They allow learning environments to be more fluid with a broad range of activities, from fun geography games, to music, to assessments.

CREATIVE STUDIO FUN

With our Canon Creative Studio, students are able to start their journey in media, entertainment, drama and photographic studies earlier, preparing them for their future sooner than others.

The Canon Creative Studio allows students to capture news footage, interactively engage in English and Drama classes and gain valuable experience in using video cameras, lighting and software. It gives them a competitive advantage entering the next stages of life after primary school, intermediate and college.

BRING ART TO LIFE

Imagine students taking beautiful images on a Canon camera and being able to print them out at their best representation on a Canon Pro printer. Our large format printers gives student's images the quality they deserve, while removing the complexity traditionally associated with printing. They serve as a best representation of students work, are simple to use and have an extensive paper range available.

STUDENT COMMUNICATIONS

Digital signage can be used for much more than just displaying information. It can transform a large outdoor area into a functional space, allowing you to communicate with your students on a much bigger scale.

Footage captured in the Canon Creative Studio – such as students own news broadcasts - can be featured on digital signage panels, and played to a fully captivated audience.

OUTSOURCED PRINT

The Canon Print Hub utilises best-in-class production print hardware, along with highly skilled print staff to offer a large range of print and print finishing solutions. Perfect for producing a wide range of educational collateral, such as; yearbooks, show programs, and course books.

FINANCIAL FLEXIBILITY

Canon's complete education solution and flexibility around funding, will give you the freedom to focus and provide an unforgettable experience for you, and most importantly, your students.

ALL-OF-GOVERNMENT PANEL

Canon is an approved provider on the All-of-Government Print Technology & Associated Services (PTAS) panel. The benefits of procuring through this service includes:

- the same rates on A4 / A3
- free toner delivery
- no installation or training charges
- no charge for scanning documents
- no minimum volumes per device

CANON FINANCE RENTAL

We may be able to support your school or organisation with capital funding (within the limits of Canon Finance for projects and initiatives the school would like to undertake.

CAPITAL FUNDING

As part of your print agreement, Canon may be able to provide further funding for capital projects*. We ensure full transparency and any specified capital amounts are clearly articulated.

*Terms and conditions apply and are subject to Canon Finance terms

PREFERENTIAL PRICING

One of the benefits of being a Canon customer is that your business is eligible to receive preferential pricing from the normal carded service rates for all outsourced printing requirements. Preferential pricing is exclusively available for canon customers at our national Print Hub.

CARING FOR OUR ENVIRONMENT

Our corporate philosophy is Kyosei. Kyosei means working towards a society in which all people, regardless of race, religion, or culture, harmoniously live and work together for the common good, now and into the future.

TOITŪ CARBONZERO CERTIFIED

We received our Toitū Carbonzero^{Cert™} certification in December 2019. This means we are a net zero carbon organisation and have measured, managed and mitigated operational emissions in accordance with ISO 14064-1 and GHG Protocol.

SAVING YOU AND THE ENVIRONMENT

Schools typically reduce their paper waste by 20% by implementing print management software such as uniFLOW or PaperCut. Canon are fully equipped to implement and support a number of print management platforms.

RESPONSIBLE RECYCLING

Canon guarantees zero waste to landfill by providing free ink cartridge collection boxes for our customers. All end-of-life devices that come back to Canon are also sent to The Recycling Group, where over 99% of the machine is recycled.

GREEN FLEET

We have committed to converting our entire fleet to hybrid and electric vehicles by the end of 2022 and are well on the way, with a 70% conversion already achieved.

VALUE ADD OFFERS

Creating a partnership with Canon through our technology solutions unlocks a range of benefits to help your school or organisation stay ahead of the curve. Whether it's giving students life-changing scholarship opportunities, allowing students to get creative through workshops, or having Canon staff help you finish projects at your school, we can work with you on a unique value add proposition.

OUR PHOTOGRAPHY SUITE

Part of the wider Canon offering is access to our professional photography network. To help support students who are interested in photography, Canon will work with you to create a meaningful photography workshop led by one of our pro photographers.

As a Canon customer you can also get access to discounted camera gear and equipment.

UNLOCK THE CANON CREATIVE STUDIO

Should your school choose Canon as their preferred print technology supplier, Canon will offer preferential pricing for our Creative Studio offering.

REFERRAL PROGRAMME

As an existing Canon customer, if you refer another school within your cluster to purchase Business Solutions products with Canon, you will receive a referral reward of either \$500 or \$1000 in cash or Canon product for your school. The rebate is available to all schools that are Canon Business Solutions customers.

- Your school will be eligible for a rebate upon contract signing of the referred school.
- If the referred school spends a minimum of \$10,000, a rebate of \$1000 will apply.
- If the referred school spends a minimum of \$5,000, a rebate of \$500 will apply.

SCHOOL VOLUNTEERING

As part of working at Canon our team are encouraged to participate in a Kyosei day, allowing them to take a day off to do work within their community. To further support your school, we encourage our team to use their Kyosei day to assist with anything you need onsite – whether it's tidying up grounds, tree planting, repairs and maintenance or working with the students on special initiatives.
